Re: Required Internal Revenue Service Form W-9 for
Developer's Funds Held in Escrow by Township

Dear Sirs,

The Board of Supervisors of Middlesex Township requires funds to be deposited by developers and held in escrow to cover engineering and associated costs involved with certain development activities, including with review and inspection of proposed subdivision or land development plans and related public improvements. These funds may also be required to be placed in escrow for other purposes established by Ordinances and Codes of the Township. Funds are held in escrow by the Township until the project is completed and inspected, then any remaining funds plus accrued interest, are returned to the developer. The Township must report any interest income from these funds to the Internal Revenue Service. Please complete the attached IRS Form W-9 and submit it to the Township along with funds to be held in escrow. Thank you for your cooperation in this matter.

Please contact me at the Township Office if you have questions.

Sincerely,

A handwritten signature in cursive script that reads "Mary G. Justh".

Mary G. Justh
Township Secretary
